

Easy Shoulder Straps 2 – (with Soft & Stable)

Order “by Annie” Soft & Stable – www.byannie.com
by Sherry Titzer (<http://www.atimetostitch.com>)

1. Cut soft & stable 1 1/4" W x 30" & fabric 4 1/2" W x 30" L. Mark line down length of fabric 1 1/2" from edge.

2. Fold edge of fabric into the marked line and iron to crease the fold.

3. Rub glue stick down the entire edge of soft & stable.

4. Place soft & stable on fabric even with unfolded side of fabric and iron to set glue.

5. Fold edge with soft & stable glued, iron to set.

6. Rub glue stick down length of folded edge.

7. Flip folded edge over (folded edge will be ~ 1/4" inside the edge of the fabric underneath. Iron to set glue.

8. Place strap at edge of foot, move needle to catch folded fabric edge & top stitch. Top stitch other side as well.
