

Quilt Motifs (1 or 2 hoopings)

By Sherry Titzer

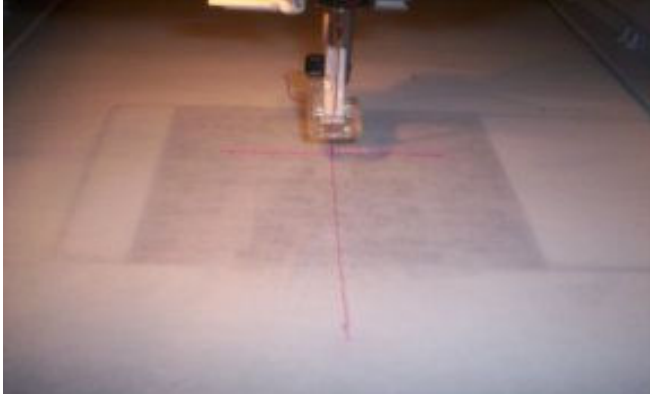

<http://www.atimetostitch.com>

Supplies:

Tearaway or washaway stabilizer

Fabric – see text files provided with designs for cutting instructions.

Optional – Mary Ellens Best Press (to remove creases in fabric!)

1 – Hoop stabilizer – Stitch left side of 2 hoop quilt motif first! Stitch placement line on stabilizer - no fabric yet!

2 - Fold fabric in half vertically & iron to crease. Fold fabric again in horizontally & iron to crease.

3 – Remove hoop & spray stabilizer with temporary adhesive spray.

4 – Center fabric over placement line keeping creases on fabric in line with stitched placement line. Smooth fabric out until flat in hoop. Put hoop on machine.

5 – Stitch design following instructions in text file.

6 – When finished, remove fabric from hoop & trim stabilizer close to stitches.

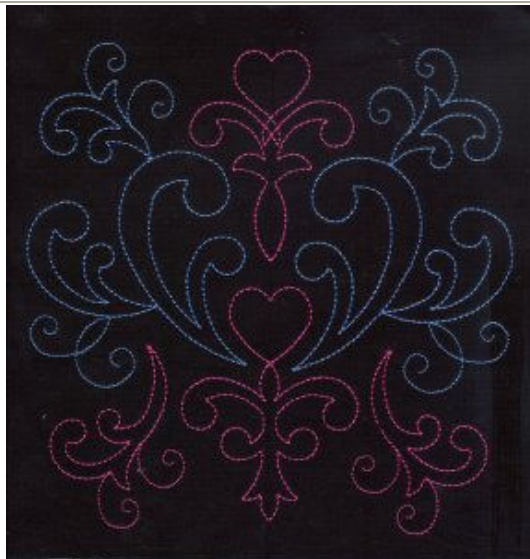

7 – Next, hoop more stabilizer and stitch right side of quilt motif following same steps above...

8 – Stitch right side of quilt motif. When finished, remove hoop & trim stabilizer close to design.

NOTE: These instructions apply to the smaller one hoop motifs! Of course you only have to hoop once on those!

Optional – Use Mary Ellen’s Best Press to remove the creases in the fabric!
Here is one of the finished quilt motifs!
